By working through a range of material, from the provisions of Athenian law through to the representations of tragedy and comedy, the author builds up, in the manner of an anthropological ethnography, a coherent and integrated picture of the Athenians' notion of 'woman'. Women in Athenian Law and Life. This book provides a comprehensive account of the Athenians' conception of women during the classical period of the fifth and fourth centuries BC. Though nothing remains that represents the authentic voice of Athenian women during the classical period, there is a wealth of evidence showing how men.
